Personal statement

I am a highly motivated and hardworking individual, with experience working in a variety of different environments and roles, mainly in working in analytical roles. I am currently studying data science in a Skills Bootcamp ran by HyperionDev gaining skills in coding in Python and Machine learning amongst other skills. I also have an MSc in Business Strategy at Lancaster University, for which I achieved a merit, having also completed a History degree at Lancaster University. I completed A-Levels in Maths, Economics, and History.

I have an analytical, numerate, and diligent approach to work and research and have traveled extensively, and have enjoyed meeting with people from different backgrounds and cultures.

Key Skills

- Knowledge of coding in Python, Machine learning models, Data visualisation and Natural language Processing
- Good research capability and experience, with strong analytical skills
- Advanced problem solving and numeracy skills
- Proficiency in areas of Microsoft Office, including, Excel, Word, Teams, Streams, Visio and PowerPoint

Work History

Associate, Deloitte LLP, The Hanover Building, Corporation St, Manchester M4 4AH (Sept 2022 – Jan 2022)

Key responsibilities:

- To analyse and assess whether the IT controls of firms were adequate and prevented the risk of material misstatement in their financial accounts

Process Analyst, Charities Trust Ltd., 20 Century Building, Tower Street, Liverpool L3 4BJ (Jan 2022 – Aug 2022)

Key responsibilities:

- To document processes by interviewing and mapping said process across the organisation
- To analyse said processes and assist in theorising and implementing improvements for them

Intern, Garic Ltd., Kingfisher Park, Aviation Road, Bury BL9 8GD (Oct 2021 – Nov 2021)

Key responsibilities:

- To aid the firm in developing an IT roadmap for the next 3-5 years, through consulting with internal and external stakeholders
- Secondly to assist in research related to the firm's new growth strategy

Assistant, Hill Dickinson LLP, No.1 St. Paul's Square, Liverpool, L3 9SJ (Jul 2018 – Aug 2018)

Key results:

- Developed understanding of the UK legal system, especially regarding corporate and commercial law
- Developed skills in utilising online databases, such as Companies House

Christopher Bibby

- Performed minute taking during meetings and developed my ability to recognise and condense key information accordingly

Assistant, Dow Scofield Watts Corporate Finance Limited, 7400 Daresbury Park, Daresbury, Warrington, WA4 4BS (Aug 2016 – Aug 2016)

Key results:

- Developed research skills identifying key companies in a sector
- Developed understanding of market analysis techniques
- Developed Excel skills

Key results:

- School Award for exemplary performance in community action
- Developed ability to deal with all types of children
- Developed teaching and leadership ability

Hobbies & Interests

I like to travel, and I have travelled extensively to Japan, Turkey, and Iceland. Previously I have travelled across Central America, Morocco, and Tanzania where, following some volunteering work, I climbed Kilimanjaro. I also have an Advanced Open Water Diving Qualification and last dived while on Holiday in Mauritius, but have also dived abroad in Egypt, Greece, the Caribbean, and the Maldives. I'm a member of the Liverpool F.C. supporters club and enjoy playing squash, tennis, skiing and I took up snooker during lockdown. As well as this I was also elected as the Treasurer for the anime society at Lancaster University.
